

▲ RAZOR TRACKING

Satellite Asset Tracking Device Installation

* Recommended Installation Locations

1. About Your Tracking Device

- Application: cargo, container, pallet, trailer, tanks, and shared or high-dollar equipment
- Waterproof IP69K compliant
- Extremely low-power consumption

2. Device Installation

- For optimal device performance face the internal device antenna toward the sky with an unobstructed view
- The preferred mounting location is at the top of your asset
- No magnets or activation required because, the devices are activated before they are shipped

3. Look — You're On The Map!

- Log-in to RazorTracking.net or open your app and start tracking!

Questions & Troubleshooting

Call (833) GORAZOR, and select option 2, or visit our Help Center by clicking the ⓘ icon in the right panel once logged into Razor Tracking
